Summary

Full-stack developer with 5+ years of experience building complex web applications in Vue.js, React, and Laravel, from real-time chat and webinar platforms to multi-tenant tools that visualize large, frequently updating datasets. Known as the team's go-to debugger, trusted with the hardest-to-find issues and with optimizing apps for performance and reliability. Experienced working directly with clients and cross-functional teams from consultation to deployment.

Technical Skills

Frontend: JavaScript, TypeScript, Vue.js, React, HTML5, CSS3, Bootstrap, Tailwind CSS, Material UI

Backend: PHP, Laravel, MySQL, MongoDB, PostgreSQL, Redis, RESTful APIs, Node.js

Tools & Technologies: Git, Docker, Webhooks, SMS/Email APIs, CRM Integrations, PubNub, WordPress, Shopify, WooCommerce, Sentry, Storybook, Mocha, Chai

Notable Projects

WisePub (Graph'em Solutions) Dec 2024 – Sept 2025
Webinar Streaming Platform *Laravel, Vue.js*

- Developed a real-time chat user interface with private messaging, user tagging, file uploads, and permission-based roles.
- Built content management functionality with role-based access controls and automated publishing workflows.

Stock Scanner (Graph'em Solutions) Jan 2024 – Jan 2025
Stock Market Visualizer *React, Node.js, MongoDB*

- Built a React front end to handle, sort, and visualize large datasets with frequent updates for a flexible multi-tenant platform.
- Implemented configurable permission systems and custom functionality sets, enabling client-specific data access and visualization options.

Experience

Web Developer April 2020 – September 2025
Graph'em Solutions *Burnaby, BC*

- Developed and maintained complex web applications, including a comprehensive webinar and membership fulfillment platform and diverse client projects, using Laravel, PHP, Vue.js, and Tailwind CSS.
- Performed code maintenance, debugging, and optimization to improve application performance, reliability, and scalability.
- Collaborated with clients and cross-functional teams across healthcare, nonprofit, media, and EdTech sectors, delivering scalable RESTful API solutions from initial consultation through deployment and maintenance in an agile software development environment.

Additional Experience

Bar Manager April 2018 – June 2019
Gramma's Marine Pub *Gibsons, BC*

- Collaborated with kitchen and service teams to optimize workflow and resolve issues in real-time.
- Trained and mentored new staff on systems, procedures, and customer service best practices.

Education

Lighthouse Labs Vancouver BC
Diploma in Web Development *Sept 2019 – Dec 2019*
